# LIFT CHAIRS

Call 1-800-334-3183

## Choosing a Lift Chair

Get the most out of your lift chair investment. Check out all the options, then let our experts help you choose the combination of features that's best for you. Most of the available extras such as heat, massage, lumbar pillow and storage pockets can't be added after your chair is delivered, so it's wise to consider them now.

## Reclining positions

Lift chairs are designed to be used in different positions. The more adjustable the chair position, the more the chair costs. **2-position chairs** have a sitting position, a reading position, and a lifted/standing position. **3-position chairs** have all those plus a reclining position. **Infinite-position chairs** allow you to control the footrest and backrest independently, and you can even recline to a position with your legs higher than your heart.

## Weight capacity

Be sure to choose a chair that's built to hold your weight.

## Measurements

Some chairs come in petite sizes, average size, and larger sizes.

## Fabric

Choose the type of fabric that will go with your décor, but if you have special requirements with regard to cleaning, you'll want to select a waterproof, washable fabric.

**For more help with choosing a lift chair, call 1-800-334-3183.**

## The Elegance Collection

Pride's Elegance Collection Recliners are designed to be the ultimate in lift chair comfort, style and performance. Available in several beautiful fabrics and styles to fit any décor. Pride's Elegance Recliners also feature head and arm covers, all protected by a 7-year pro-rated warranty. The state-of-the-art lift system utilized in Pride's Elegance Lift Chairs will recline you farther back than any other lift chair, providing wonderful sleeping relaxation. Plus, Pride Lift Chairs are equipped with an emergency battery backup system in case the power fails in your home.

## Patient Lifts

### Patient Lifts

Strong, reliable, easy to operate and backed by a 3-year warranty. We are pleased to introduce a whole new line of patient lifting equipment, including stand assists, elevating lifts, and comfortable patient slings. We know how important it is for you to keep your loved ones safe, and at the same time provide adequate patient care. Each year, 52% of nurses complain about back pain, and 12% of nurses consider exiting the profession due to back pain. Lifting and transferring patients is the most common cause. The SCOOTER Store has the lifting products and our Safe 'n Easy Patient Lifting Program to help you address these concerns.

#### QUICK FACTS

- Stand assists available in 400# and 600# versions.
- Elevating lifts available in both hydraulic and electric versions (400#, 600#).
- Base legs on electric lifts spread with a reliable, easy-to-operate foot pedal.
- Low-profile (4.5") base legs easily move under beds and other furniture.
- Powerful 24V batteries provide 80-100 patient lifts on a single charge.
- Controls are easy-to-operate, and common between lifts.
- 6-point sling cradles provide flexibility for maximum comfort and safety.
- Slings are made of soft, easy-to-clean, long-lasting polyester material.
- Emergency switches on elevating lifts to lower patients.

## EV Rider RiderXpress 4 Wheel Scooter

Here is a great, stable 4-wheel scooter that has the turning ability of a 3 wheel scooter. It easily disassembles into 5 pieces, the heaviest of which is only 43lbs.

A stylish, compact scooter with a standard sized motor/transaxle provides a top speed of 5 mph and capacity of 300lbs. The ride is smooth due to the fully functional suspension.

- Fully functional suspension: articulated front end and mono-shock absorber in the rear
- Aluminum alloy wheels with flat-free tires
- Standard front basket
- 300 lb capacity
- Breaks down into 5 easy to carry pieces.  
The front section is the heaviest at only 43lbs.

Available in Platinum Silver or Paradise Blue

### The SCOOTER Store Returns Policy

We'll issue a full refund, no questions asked, if you notify us within 24 hours of placing the order. Simply call us toll-free at 1-800-334-3138 so we can cancel your order.

If you decide to cancel more than 24 hours after ordering, we must charge a 15% cancellation fee, (Where required by law, sales tax will be charged to cancellation fees and non-refundable deposits) even if you have not yet received the item. We may not be able to stop shipment of your item at this point. If you have received your purchase and wish to return it, you'll need to do the following:

Call us at 1-800-334-3138 within 10 days of receiving the item to request a Return Authorization. This is required: we cannot accept returns without this authorization.

Return the item to the address we give you within 30 days, in unused, new condition and in its original packaging. Please clearly mark the Return Authorization number on the box. You must pay the return shipping costs or a pick up fee for the item.

Once we've received the returned item and verified its condition, we will refund your payment, minus the 15% cancellation fee and return shipping costs (if we arranged the return shipping for you).

If you wish to exchange or upgrade your item, we may be able to waive the cancellation fee. Please call us for details. If you receive an item that's damaged or defective, please let us know immediately so that we can repair or replace the item, free of charge.

Exceptions to this policy include the following:

- 1) All vehicle lifts require a \$500 non-refundable deposit.
- 2) We are unable to accept returns or issue refunds on certain items because of their special nature: Bath and Safety Products, Batteries or Chargers, Used equipment, Special/custom orders, Stair lifts, Lift chairs, Lifts, Cushions, Receiver Hitches and Clearance Items.
